

Jay's Catering

Excellence. Delivered.

What We Do

We believe that meals at work should not be difficult. At Jay's, we've made ordering quick and easy. Begin a conversation with one of our catering specialists or go online to see what's new and exciting. Jay's wakes up early and goes to bed late (7 days a week) so basically, no matter the time, Jay's can accommodate. Our menus are very diverse. Offering an extensive selection is what makes us different. We offer anything from sushi trays, to company barbecues, to authentic Italian gourmet, to box lunches (and everything in between). If you can think it, we can make it.

If your event is more formal, we can provide staffing, china, linens and flat-ware. If the event calls for a toast, we have a large selection of beer, wine, and liquor for the celebration. We offer convenient billing and payment options including major credit and debit cards. Last but not least, Jay's recognizes the ongoing importance of being more sustainable, so that's why we continue to adjust and modify our operations to be more environmentally and ecologically mindful.

We understand schedules, budgets and the flexibility that business requires. That's why when you call, you speak to a friendly and organized catering specialist who can customize to your needs.
